Compliance of your ambient air monitoring systems Fidas® 200, Fidas® 200 S and Fidas® 200 E with the requirements according to Standard EN 16450:2017

Dear Dr. Weiss, Dear Dr. Hoge Kamp,

herewith we confirm, that your ambient air monitoring systems Fidas® 200, Fidas® 200 S and Fidas® 200 E are in compliance with the requirements on automated measuring systems for PM according to the Standard EN 16450: 2017.

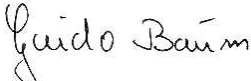

The related test report has been positively assessed by the German relevant body and the respective publication of the compliance with Standard EN 16450:2017 in the German Federal Gazette will happen in Spring 2018. Based on that, a new certificate will be published on www.gal1.de later that year.

If there are further questions, don't hesitate to contact us.

Yours Sincerely
